

# Darwin Harbour Clean-Up 13<sup>th</sup> October 2021

## WHAT IS HAPPENING?

The 12<sup>th</sup> annual Darwin Harbour Clean-Up is being held at various locations around Darwin Harbour on Wednesday the 13<sup>th</sup> of October.

As well as removing rubbish from the waters and coastline of the Harbour, the clean-up aims to raise awareness about the effects of rubbish entering our waterways and will encourage everyone to **“Bin it or take it with you.”**

Clean-up teams will be operating on shore and on the water throughout the morning. Weighing and recording of data will be held in the afternoon at two sites – at the end of Fisherman’s Wharf on the rock wall side, and on Cox Peninsula at the Cloppenburg Park, also known as the sports ground.

Teams of volunteers will be collecting rubbish along the foreshore at Rapid Creek and Coconut Grove. Members of the Wagait Beach Community will be cleaning up around Cox Peninsula.

Vessels will be out on the water checking mangroves and the shoreline for rubbish from Fisherman’s Wharf to Elizabeth River. Surf Lifesaving NT will be providing back-up and emergency assistance on the water.

**Please be aware that it is stinger season and we urge all participants to have the appropriate PPE and to follow all safety guidelines.**

For further information: Phone **8948 3733** or email [senior.ranger@larrakia.com](mailto:senior.ranger@larrakia.com)

*The 2021 Darwin Harbour Clean-Up is organized by Larrakia Nation with funding support from City of Darwin, Santos, INPEX, Territory Natural Resource Management & SeaLink. Further resources, staff and volunteers are provided by our supporters and participants.*
